

OFRENDAS

LOCATION : NORTH SIDE OF THE MILKY WAY GALAXY

TERRITORY : DIABLO

INHABITANTS : N/A

OFRENDAS IS ONE OF THE MANY PLANETS IN THE MILKY WAY GALAXY THAT IS CONSIDERED TO BE A "DEAD PLANET" WHICH MEANS THE TOTAL POPULATION IS LESS THAN ONE MILLION. OFRENDAS ALSO DOESN'T HAVE A SPECIFIC RACE OF PEOPLE TO CALL IT HOME, EVERYONE WHO IS ON OFRENDAS CURRENTLY CAME FROM SOMEWHERE ELSE, OBVIOUSLY EXCLUDING THE CHILDREN WHO'VE BEEN BORN ON THE PLANET.

THE RED FLOWERS THAT COVER MOST OF THE PLANET *SHOWN IN THE PICTURE ABOVE* ARE CALLED "CORA ROSES" AND NEVER STOP GROWING UNLESS THEY'RE CUT OR DESTROYED. IT TAKES ABOUT THREE YEARS FOR THEM TO GROW INTO "CORA TREES" WHICH PROVIDE THE PLANET WITH OXYGEN AS WELL AS THE POLLEN THAT FLOWS IN THE AIR CREATING A PINK GLOW IN THE SKY COMBINED WITH THE LIGHT REFLECTED FROM THE MOON.

DIABLO CLAIMED OFRENDAS AS THEIR TERRITORY THE DAY THEY BURIED THEIR FIRST FALLEN MEMBER ON THE PLANET.

THE GRAVITY ON OFRENDAS IS FOUR TIMES AS HEAVY AS EARTH'S GRAVITY.

ALL OF THE BUILDINGS ON OFRENDAS ARE MADE WITH A POWERFUL ALLOY THAT IS ONLY FOUND ON OFRENDAS CALLED "NORI" WHICH CAN WITHSTAND ENORMOUS AMOUNTS OF PRESSURE.
